

Sponsorship Invitation for the 7th Euro-Asian Pulse Power Conference & the 22nd International Conference on High-Power Particle Beams

Your Excellency:

We are glad to inform you that the 7th Euro-Asian Pulsed Power Conference & the 22nd International Conference on High-Power Particle Beams (EAPPC&BEAMS 2018), organized by the Institute of High-Power Microwave Technology, National University of Defense Technology and supported by many international and domestic academic institutions and organizations in pulsed power and high power particle beam fields, will be held during Sept. 16-20, 2018 in Changsha, China.

This conference will focus on the science and technology on pulsed power and high-power particle beam fields. The associated topics contain pulsed power technology and applications, high power microwaves, RF radiation sources, particle beam technologies, and so on. As a multidisciplinary, comprehensive and high-level international academic activity, this conference will provide a unique platform to share the latest scientific research achievements and technological progresses of the related fields and to explore future development trends for scientists, researchers and students from all over the world. It also provides a platform for companies and manufactures to display products and enhance reputations.

About 500 participants from worldwide universities and research institutes are expected to attend this conference. We sincerely invite you to participate the EAPPC&BEAMS 2018 to stimulate the developments of pulse power technology and high-power particle beam research.

We are looking forward to meeting you in EAPPC & BEAMS 2018, Changsha!

EAPPC & BEAMS 2018 Sponsorship

Sponsorship Rank	Sponsorship Rights
Gold (>60000 RMB)	<ul style="list-style-type: none"> i. A brochure of company and products (less than 6 pages) can be put in the conference bag. ii. PPT of company and product introduction will be played in all the LED screens during the break time of the conference. iii. An exhibition table (priority for position and table size) is provided during the conference. iv. Registration fees of two attendances are exempted.
Silver (40000-60000 RMB)	<ul style="list-style-type: none"> i. The conference website shows the LOGO and website link of sponsor; ii. An exhibition table is provided during the conference. iii. Registration fee of one attendance is exempted.
Bronze (20000-40000 RMB)	<ul style="list-style-type: none"> i. A commonly-shared table for distributing company documents.
